WHAT'S GOING ON WITH MISFIT STUDIOS

A pretty quiet month overall, so not much to say. We ran a sale for Eric Lofgren stock art that went very well, but otherwise we're still moving forward to get new product out.

CRAWTHORNE'S CATALOG OF CREATURES: POSSESSED CONSTRUCT

Stock #: MIS90047

Each release for Crawthorne's Catalog of Creatures for the Pathfinder RPG presents a single, new creature for your Pathfinder RPG game, as presented by the famous and retired monster hunter and adventurer, Lord Crawthorne. Each release presents game stats for the new creature, as well as three adventure ideas to help insert them into your game.

The Possessed Construct is the result of a powerful spell that puts the mind of a living being into a construct's body. The outcome may be eternal life, but it is one cut off from much of the senses the living take for granted. How long can a mind last in such a state before it becomes detached from its feelings and empathy?

Both a color and print-friendly version of the product are included.
