### WHAT'S GOING ON WITH MISFIT STUDIOS

No new role-playing game content in March, but plenty of stock art. The good news is the gear and weapons chapter for **Darwin's World: Nuclear Edition** for **Savage Worlds** was reviewed and improved, including the massive amount of new content. I just need to wrap up editing and layout for **DOOM** for **MnM 3e** so I can get to work on the final chapter covering the Terrors and NPCs of the Wasteland
