### WHAT'S GOING ON WITH MISFIT STUDIOS

We're almost done editing the Terrors & Wastelanders chapter of Darwin's World: Nuclear Edition. This is taking a long time because the chapter is one stat block after another, and is over 100 manuscript pages long; it will likely be one of the book's longest chapters once layout is done.

Other than that, we managed to release a new Old West Archetype for Savage Worlds and a whole lot of new, amazing stock art for you to enjoy.
