## NEWSLETTER

As with every month, we are cover what's new with **Misfit Studios**, month's new products, and details on our July 2015 discount promotion. Read on for details!

### WHAT'S GOING ON WITH MISFIT STUDIOS

**Metahuman Martial Arts 3e** remains the primary focus over here at **Misfit Studios**. Sure, we've spent some time here and there putting out small projects, but that's just to keep some momentum going. Almost all of our efforts are going into getting the final edits done on the manuscript, although some has already been edited and entered layout.

So far, I can say that **Metahuman Martial Arts 3e** is looking crisp and clean. The layout is (in my opinion) far better than the original. Part of this process is recoloring some of the art, so that is also slowing things down. I think the end result will be worth it, though, so don't get impatient!

As always, we keep pushing out more stock art options from our talented group of artists. If you're a publisher looking for some great interior or cover artwork, or if you're a gamer looking for some character art or player handouts, have a look at what we have to offer. We'll have more out as August moves forward.

## BITE ME! MEAT-THAT-SCREAMS

Stock #: MIS022

“... and lead us not into temptation...”

A lycanthrope is a being of raw power -- and for some, “raw” is the key word. Warm blood dripping from its jaws, a were seems to grow in size, strength and menace. And always there’s the ultimate temptation -- release his grasp on sanity and give in completely to his animal nature to gain even more power and be free from the pitiful restraints of “civilized behavior.”

Bite Me! Meat-That-Screams is a 12-page supplement to the Bite Me! line of Pathfinder Roleplaying Game lycanthrope products available from Misfit Studios.

Bite Me! Meat-That-Screams Contains:

- Sustenance Pool rules, giving lycanthropes a new source or strength to draw on
- Meat-That-Screams rules, improving on the Sustenance Pool powers, but at a great price to the lycanthrope
- Over a dozen new feats tailored to the Sustenance and Meat-That-Screams rules

Both a color and print-friendly version of the product are included. We’ve also added an intractable, tablet-friendly landscape version.

## JULY 2015, ISSUE 2.7

### YOUR WORLD NO LONGER: ALIENS

Stock #: MIS5067

Your World No Longer is a series of Super-Powered by M&M product intended to supply Gamemasters with packaged campaign details and ideas for stories involving global conquest and invasion. Each release outlines a separate scenario wherein a particular foe has mastered the world, providing information on how and why Earth was dominated, and how the world's heroes and villains responded.

The details provided are sufficient to allow the Gamemaster to run the game quickly and off-the-cuff, but remain open enough to permit further development (indeed, this is encouraged.) This open design format also allows the scenario to be used in just about any setting, be it one that's been published or one entirely of the Gamemaster's own devising.

The world is no longer yours but it is up to you to take it back. Show us what you're made of and resist!

Your World No Longer Presents the Alien Invasion

The third release includes details for running an alien invasion in your super-hero campaign. Although the material stands on its own, it is suggested you buy the first Your World No Longer product, *Zombies & Primer*, to access the primer content that will help you better prepare and run a game where mutant metahumans have taken over the world.

This product provides details on how the aliens conquered the world and why, an overview of the characters' role in the Resistance, as well as game statistics for the invading race, the Dilvat, and their leaders, Demagogue, Warlord, and War-Witch. Also included are stats for the Dilvat warriors, their weapons, armor, and vehicles.
