### WHAT'S GOING ON WITH MISFIT STUDIOS

**DOOM** for **MnM 3e** was finally completed and released, putting the latest version of this popular product into customers' hands. This freed up time to work on the *Terrors and Wastelanders* chapter of **Darwin's World, Nuclear Edition**. Aside from the appendices and index, this is the book's final chapter before release.

We also put out a call to see if any new stock artists would be interested in working with us, and several signed on. So, not only did we release a bunch of stock art from our long-standing artist collaborators, but we released some art from some brand new collaborators. Expect to see more from everyone in the months to come.
