### WHAT'S GOING ON WITH MISFIT STUDIOS

February picked up a bit after a slow January, but focusing on finishing the rewrite for **Metahuman Martial Arts 3e** means fewer and smaller products were otherwise published to bring in sales.

Also, JM Perkins has finished and handed in the manuscript for the **Adequate Commoner** manuscript, so that will be a big chunk of my time as March progresses. We hope to have it out in April (May at the latest.)

## ROGUE MAGE RPG: CONJURE INK

Stock #: MISRM11

CONJURE INK is a Game-Master-Only supplement to The Rogue Mage RPG by Spike Y Jones.

Leviticus 19:28 *"Ye shall not make any cuttings in your flesh for the dead, nor print any marks upon you."*

Tattoos are forbidden within orthodox society, and branding is a form of punishment, not adornment. None of the Most High's seraphs, nor any of the kylen of the Realms of Light, sport tattoos.

So why have the bodies of so many Dark mortals killed in recent skirmishes been decorated with tattoos? And why are there more of them on Dark mages than on Dark mules or humans?

Is it just another example of Dark mortals spitting in the face of the Most High and the orthodoxy? Or have the Dragons found another edge in the conflict with the forces of Light?

The Game-Master-only Conjure Ink PDF:

Provides rules for conjure tattoos, including their creation, use, and risks—especially risks (but the pain-wracked death of a few Dark mages is sometimes the price that must be paid for progress).

Includes a new conjure posing yet another threat to the stalemate between the forces of Darkness and Light.

Features a fully-statted Dark mage NPC illustrating the use of conjure tattoos and giving a Rogue Mage Game Master a ready-made evil plot to involve his players in.

Features "Pan-Elemental," a new Faith Hunter short story, revealing a new threat to Thorn St. Croix and the New Orleans Enclave.

A crusader is a relatively normal mortal who has the ability to perceive the supernatural world all around us, and has subsequently been dragged into the ongoing war between the Powers of Light and Darkness. The crusader is ill-equipped for such a fight, however, and it takes its toll upon them. They are imperfect heroes who fight on, nonetheless.

Includes the a base crusader archetype template so you can more easily and quickly make crusader characters of your own, as well as guidelines on their origins, appearance and personality, powers and abilities (including example relics, rituals, and trademark enchanted devices), how they may be improved, and a number of variations on the basic theme.
