As with every month, we are cover what's new with **Misfit Studios**, this month's new products, and details on our May 2022 promotion. Read on for details!

WHAT'S GOING ON WITH MISFIT STUDIOS

Well, it's been a very long road, but Darwin's World: Nuclear Edition is done layout and is off for approvals. All that's left is to finish coloring the interior art to insert into the book following approvals. It was a much bigger job than expected because of the need to re-edit so much of the book, problems with the original Savage Worlds conversion, and adding new material, but the end is finally in sight.

We also put out some great stock art last month, plus a new super archetype for the Savage Worlds RPG.
