WHAT'S GOING ON WITH MISFIT STUDIOS

October was a slow month in terms of game product because most of my energy was spent on my day job's annual conference. Also, I'm busy preparing a demo for **Darwin's World** for the upcoming new edition of **Savage Worlds**. There's plenty of new stock art, though.

ICONIC ARCHETYPES: MICROMORPH

Stock #: MIS6011

This ICONS Superpowered RPG release brings you The Micromorph Iconic Archetype. This ready-to-go character build provides a foundation for you to develop a hero of your own that is able to shrink to minute sizes, disappearing from sight. But don't take this to mean that big heroes can't come in small packages. Gamemasters can also use the archetype as the basis for quickly building NPC heroes or villains off-the-cuff.

Each Iconic Archetype presents the basic build, plus ideas for some typical roles the character may fill, along with variations you may want to explore.

ICONS and associated marks and logos are trademarks of Steve Kenson and Ad Infinitum Adventures, and are used under license

Both a color and print-friendly version of the product are included.
