As with every month, we are cover what's new with **Misfit Studios**, month's new products, and details on our October 2015 discount promotion. Read on for details!

WHAT'S GOING ON WITH MISFIT STUDIOS

In September, I pushed forward with **Metahuman Martial Arts 3e** (still.) I'm still recolouring much of the art (there is a lot of it), and doing layout. It's a massive book, so even though I've "only" done layout for the first three chapters so far, it's already pushing around 100 pages in length.

I'd hoped to have several small PDFs for **Pathfinder** and **Savage Worlds** out, but both were delayed by problems with the respective artists. One artist bailed entirely, meaning I had to hire someone else and start from scratch, and the other artist was about 3 weeks overdue. So, hopefully we'll see those products come out in October instead.
