WHAT'S GOING ON WITH MISFIT STUDIOS

We've added two new releases to our **Enhanced Archetypes** series for **Mutants and Masterminds 3e**. There has been quite favorable feedback on them so far, so we aim to keep them coming. There was also a bunch of new stock art out in September, plus some new monsters for **Savage Worlds**.

MONSTER BRIEF: OOZES

Stock #: MIS7088

Introduce some slippery, slimy monsters in your Savage Worlds game by including Monster Brief: Oozes. In this product you will find:

The freezing ooze, the touch of which can turn flesh to ice. If you notice the chill it gives off, you may just have time to save your life.

The plague ooze brings various diseases with its touch and can spread disease even as it dies.

The stalker ooze is more cunning than most oozes, using its pseudopods like legs to get around, its acidic touch is deadly.

The vampire ooze is out for blood and will drain it from you if given the chance. And then use your corpse to incubate its offspring.

Both a color and print-friendly version of the product are included.
