### WHAT'S GOING ON WITH MISFIT STUDIOS

It may seem like not a lot got done at **Misfit Studios** in August, but that's only partially correct. Much of the month was spent preparing for our **Savage September** promotion (see our **RPGNow storefront** for details) and for a starting a new full-time position outside of gaming. Yes, unfortunately for my gaming output, the Head Misfit is heading back to the workforce full-time, which will slow product output.

September will see a number of new **Savage Worlds** releases, however, which will free up time to get back to stuff we were already working on, like the **DOOM** conversion for MnM3e. So, stay tuned for what will be coming out this month and the months to follow.
